

**You Should Join
The
YOUNG SCIENTISTS' CLUB!**

WHO IT'S FOR: 2nd, 3rd, and 4th graders

WHEN IT STARTS: Wednesday, Oct. 12, 3:15-4:15

WHEN IT MEETS: Every Wednesday from 3:15-4:15

WHAT IT WILL DO: Club members will work with electricity kits and motor kits to build their own moving objects and working electrical devices. They will learn some basics of energy transfer, electricity, wiring, and motion! It will be a hands-on, follow-directions, and build-it-yourself club!

HOW TO JOIN: Have a parent/guardian fill in the form below, and return it to your teacher by October 11, 2016.

NOTE: The club is limited to the first 15 students .
